

A Conversation with our CMS Regional Administrator

Join Region IX Administrator David Sayen to discuss HITECH

HITECH is the part of the federal “Stimulus Package” that provides significant financial incentives through the Medicare and Medicaid programs to encourage doctors and hospitals to adopt and meaningfully use electronic health records

During this informal meeting, Mr. Sayen will:

- Provide an update on HITECH
- Answer your questions
- Listen to concerns or challenges you or your colleagues are facing related to electronic health record adoption or use

Come and Learn More!

***Wednesday, September 8, 2010
5:30 – 6:30 PM***

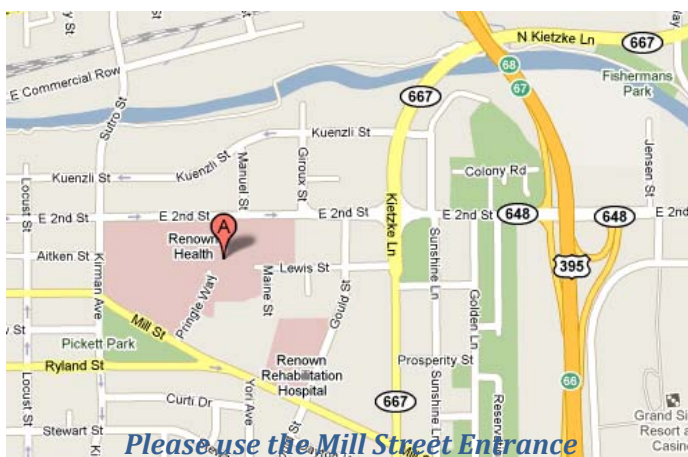

Sierra Meeting Room 102
Sierra Tower
Renown Regional Medical Center
1155 Mill Street, Reno

Also available at the meeting will be local staff from the Nevada Health Information Technology Regional Extension Center (REC).

HealthInsight

The REC is also funded by HITECH. Its primary purpose is to provide very low cost assistance to physicians, specifically primary care providers in small practices, to meet the requirements needed to receive Medicare or Medicaid incentive payments. Other services are also available.

No RSVP needed. For additional information, contact Eileen Colen at 775-335-9088 or EColen@HealthInsight.org
