COMES NOW _____, **M.D., being first duly sworn, who deposes and says that:** I, the undersigned **physician**, am duly licensed to practice medicine in the state of Nevada by the Nevada State Board of Medical Examiners (Board), possess an active license to practice medicine in the state of Nevada, License Number _____, and am in good standing with the Board. I am engaged in the practice of medicine in the state of Nevada, am current on all my required CME and am not aware of any disciplinary action, formal or informal; pending against me by the Board or any other jurisdiction's medical licensing entity. **I have checked with the Board and determined that the physician assistant I am going to supervise has never been formally disciplined by the Nevada State Board of Medical Examiners.**

I have read and am aware of the provisions of Chapter 630 of the Nevada Revised Statutes concerning the duties of a supervising physician, as well as Chapter 630 of the Nevada Administrative Code, which are the regulations adopted by the Board concerning a physician's relationship with a physician assistant and/or advanced practitioner of nursing. I have read and am aware of the regulation of the Nevada State Board of Medical Examiners under Chapter 630 of the Nevada Administrative Code that precludes a physician from simultaneously supervising more than three physician assistants or collaborating with more than three advanced practitioners of nursing, or with a combination of more than three physician assistants and advanced practitioners of nursing, without first filing a petition with the Board for approval to supervise more, and the requirement that I prove to the satisfaction of the Board that the circumstances of my practice necessitate more and that I will be able to supervise/collaborate with the greater number in a satisfactory manner.

I hereby certify that this relationship does not violate the limitation cited above concerning the total number of physician assistants or advanced practitioners of nursing with whom I may simultaneously supervise or collaborate. The supervision of medical services of a physician assistant by a supervising physician, may include, without limitation, supervision that is performed electronically, telephonically or by fiber optics from within or outside this State or the United States. A physician assistant's use of equipment may include the transfer of information concerning the medical condition of a patient in this State electronically, telephonically or by fiber optics from within or outside this State or the United States. **Further, this relationship will not begin until I am in receipt of a file-stamped copy of this Notification bearing the receipt stamp of the Board thereon.** Upon receipt of same, I will be supervising the following named physician assistant at the following practice location(s):
