FREE WEBINAR EXPLAINS THE BASICS OF MEDICARE

Senior Care Plus set to host a free webinar designed to help participants approaching age 65 make informed decisions about their health coverage

RENO, Nev. (August 4, 2020) – Navigating the Medicare alphabet can sometimes be confusing and overwhelming, which is why the experts of locally-owned Senior Care Plus, a Medicare Advantage Plan, are hosting a free webinar on the ABCs of Medicare. There are four basic parts of Medicare: A, B, C and D. Each part helps patients pay for important healthcare services such as hospital visits, doctor visits and prescription drug coverage.

Set for Wednesday, August 5 and Wednesday, August 19 at 6 p.m., the free webinar will cover the basics of Medicare and answer frequently asked questions to help attendees get the most out of their health coverage. *Both webinars will cover the same topics, however, two dates are offered as an added convenience to attendees.* Visit SeniorCarePlus.com or call 775-982-3191 to register.

“With unfamiliar words and ideas you’ve likely never come across before, learning about Medicare may feel like learning a new language at first,” said David Hansen, CEO of Hometown Health. “As you begin the process of becoming a Medicare recipient, Senior Care Plus is committed to helping you become fluent in Medicare and help you understand the basics so you can make the best decisions for your unique healthcare needs.”

From the convenience of a computer or mobile device, participants will learn about:

- The parts of Medicare – A, B, C and D;
- Eligibility and enrollment options;
- How to personalize their Medicare options based on their healthcare needs.

Serving as a partner in health to both northern and southern Nevadans, Senior Care Plus is the statewide leader in helping people take advantage of Medicare Advantage. Plus, with [membership perks](#) like virtual education events and exclusive discounts to state-of-the-art health and wellness resources, Senior Care Plus is determined to help its members stay healthy and active.
